

# Corporate News

80p to non-managers

The dynamic corporate newsletter from Anro Binson & The Week Estelle Inc.

## Natasha Uses Her Noodle!

Well done to Natasha Randada who wins the Employee of the Month award for June.

Natasha showed commitment and loyalty as a Customer Service Manager by regularly eating Pot Noodles at her desk instead of joining Senior Directors for executive business lunches at the Hilton. Keep it up Natasha – you're saving us thousands of pounds!

Natasha receives a £5 Waterstone's voucher, a Palmolive bathroom gift set and 10 Lotto tickets as her reward! Don't abandon us if you win, Natasha! (We're sure she wouldn't.)

**"I'm always too knackered to read at home!" she says.**

## A welcome from Charles Bangs, CEO

"It gives me a very warm feeling to welcome you to this first edition of 'Corporate News', the exciting new communication from Anro Binson Holdings. As you know, I'm a great believer in regular personal contact with my staff, and this newsletter certainly won't be a substitute for that. You will still all be able to catch a glimpse of me at the Annual Christmas party, where I will join in the fun by drinking the same cheap wine as the rest of you. I know that the past few months have been difficult and rather stressful, especially in the call centre, but I hope that, like me, you will all take comfort in the rising share price, and that your Directors' bonuses are secure for the end of the year. Remember, my door is always for visitors! Just book in advance with my secretary outside your scheduled working hours. Respect!"
