Podcast

Your Mac Life: Mac news, games, and interviews

Correction: Lisa King, not Sheila King, takes part in Your Mac Life. Sorry!

Song

Down on the Corner by Creedence Clearwater Revival

Tips

Trash Scale: Select multiple files in your Trash (or anywhere), use $\text{⌘} + \text{⌘} + \text{I}$ (Command + Option + i) to see their collective size and other information.

To clear quickly the Trash, right-click (or left-click and keep it selected for a moment) the Trash icon in your dock and select Empty Trash. To see the size of each of the files in the Trash (or anywhere) and other information, select them and select $\text{⌘} + \text{I}$ (Command + i). NOTE: After a certain amount of selected files it will only show the collective info inspector (the one you get with $\text{⌘} + \text{⌘} + \text{I}$).
